

Public Information Release
Officer Youlanda D. Leverette
Office of Community Affairs
770-974-1232

Date of Release: 11/15/16

The Acworth Police Department is always exploring options to acquire additional resources for the benefit of its department and police officers. In doing so, we applied for a grant through Firehouse Subs Public Safety Foundation for an AED (Automated External Defibrillator).

In October 2016, the AED was delivered to the Acworth Police Department. An AED is used when a person is experiencing sudden cardiac arrest. A person experiencing sudden cardiac arrest may not be breathing or have an irregular breathing pattern. An AED can check the person's heart rhythm and determine if the individual needs an electric shock to restore a normal rhythm.

The Firehouse Subs Public Safety Foundation provides first responders with life-saving equipment. This equipment includes vehicle extrication tools, AEDs, thermal cameras, bulletproof-vests and firehoses just to name a few.

They also provide prevention education such as CPR, DUI education, and carbon monoxide to prevent disasters in the home and in the community.

Firehouse Subs is huge supporter of the Acworth Police Department as well as a contributor to many of Acworth's events.
